

2026 GANGNEUNG ITS WORLD CONGRESS

17 – 25 OCTOBER 2026

The 2026 Gangneung ITS World Congress, themed “Beyond Mobility, Connected World,” will be a five-day event focused on the smart mobility vision for mid-sized cities.

The congress will offer a comprehensive program featuring a High-Level Roundtable, Academic Sessions, Exhibition, Technical Visits & Demonstrations, Official & Social Programs, Side Events. Representatives from governments, distinguished scholars, industry experts, and business leaders will convene to exchange insights on the future of mobility—spanning C-ITS, autonomous driving, MaaS, UAM, and smart cities—while strengthening global partnerships.

Furthermore, citizens will be able to take part in exhibitions and interactive activities that allow them to experience firsthand the future of smart mobility enabled by ITS.
